

## Inclusive Education

“In your life, it is your aim to assist the poor, the outcast, the despairing and the lame. All those by the world rejected, on your love have greater claim.” (Hymn 149)

In the workshop, participants will get to understand better on how Inclusive Education is essential for the Montfortian Education Community. It also addresses the learning needs of children with special needs, with particular focus on those who are isolated and excluded. The philosophy is to promote opportunities for all children to participate, learn and have equal treatment, irrespective of their mental or physical abilities.

Participants will listen to each other’s sharing and be engaged in the discussion. At the end of the workshop, participants will be able to understand better about Inclusive Education under the Montfortian Education Charter.

Some of the guiding questions are:

1. What are the best practices across the schools?
2. What to take note of to achieve Inclusive Education?
3. What are the opportunities for collaboration?
